

The Hidden Life

Finding out why you matter

The Hidden Life helps congregations understand what it means that Grace Disciples. This happens through a deep dive into the Gospel itself, focusing on four main aspects of the GIFT of God.

- *Session 1: Grace.* Here we lay the foundation of the conference, taking a trip through Hebrews 5 and Numbers 13 to clarify Grace as God's Power and Desire to do good to you. This session ends with a specific challenge for every attendee to help them make the most of the time.
- *Session 2: Identity.* In this session we explain the profound and sometimes difficult truth about who we are in Christ by utilizing three different methods of learning to make it as clear as possible. The foundational scriptures for this are Genesis 1-2 and 1 Corinthians 6
- *Session 3: Faith.* In this session we take an in-depth look at Genesis 3 and Colossians to drive home the point that the Christian life is not about learning to do good and avoid evil, but about learning to trust God. The name of the conference is found here in Colossians 3, where Paul says our lives are hidden in Christ. Faith is the way we find life and the way we live that life.
- *Session 4: Training* gathers together the points of the first three sessions, clarifying the practical meaning of phrases like "live by faith" and showing how to begin to live by faith in those areas in which we haven't. The idolatries in our lives are clearly but gently exposed opening up the possibility for real change and growth.
